1. FOR GOOD AND VALUABLE CONSIDERATION, the receipt and sufficiency of which are hereby acknowledged, effective as of April 1, 2008 (the "Effective Date") **The Premcor Pipeline Co.**, a Delaware corporation, having an address at One Valero Way, San Antonio, Texas 78249-1616 (hereinafter called "Assignor"), hereby ASSIGNS and TRANSFERS to **Valero MKS Logistics, L.L.C.,** a Delaware limited liability company, whose address is One Valero Way, San Antonio, Texas 78249-1616 (hereinafter called "Assignee"), all of Assignor's right, title and interest in and to the following properties and assets, whether real, personal or mixed used exclusively by or for Assignor's petroleum pipelines described in Exhibit "A" (herein referred to as the "Pipelines") which Pipelines are being conveyed to Assignee by this instrument:

(a) the pipeline leases listed and designated as such in Exhibit "B" attached hereto and by reference made a part hereof (such leases, whether one or more, shall collectively be referred to as the "Leases");

(b) the pipeline rights of way, easements, licenses, grants, franchises and permits identified on Exhibit "B" and any and all of Assignor's right, title and interest relating, directly or indirectly, to any of the foregoing or the Pipelines (as defined herein) and (a) over, under or across any public or private roads or rights of way and/or (b) acquired by deed, easement, estoppel, limitations, prescription, or otherwise (hereinafter collectively referred to as "Easements"), and

(c) all improvements, equipment, and tangible personal property located in, on or under the premises covered by such Leases or Easements, together with all various above and below ground structures, including but not limited to valves, meters, measuring devices, pipelines, piping, station piping, pumps, cathodic protection equipment, taps, regulators, gauges, fittings, buildings, appliances, markers, signs and other such appurtenant facilities or equipment associated with said Pipelines, and drawings, plats, files, manuals, parts and tools associated therewith, to the extent such improvements and equipment comprise any portion of and are used exclusively by or for Assignor's Pipelines (collectively, the "Improvements").

All of Assignor's rights, titles and interests in and to the Leases, Easements and Improvements, as more fully described herein, are herein collectively referred to as the "Property". This Assignment of Rights of Way, Easements, Licenses, Permits and Other Pipeline Interests is hereinafter referred to as this "Assignment".

2. This Assignment is made and accepted subject to all of the following (collectively, the "Permitted Encumbrances"): (a) any and all matters of record; (b) any matters which a survey or inspection would reveal; (c) any liens for taxes not yet delinquent; (d) all consents, approvals, authorizations or permits of, or filings with or notifications to, any person which is required to be obtained, made or complied with for or in connection with any sale, assignment, transfer or encumbrance of the Property or any portion thereof (collectively, "Approvals"); and (e) rights reserved to or vested in any governmental authority to control or regulate any of the Property and all applicable laws of such authorities, including any building or zoning ordinances and all environmental laws and regulations.

3. TO HAVE AND TO HOLD the subject Property, together with, all and singular, all the rights and appurtenances thereto in anywise belonging, unto Assignee, its successors and assigns; subject, however, to the Permitted Encumbrances and the other matters set forth herein.

4. Assignee agrees to and does hereby accept this Assignment and expressly assumes and agrees to keep, perform, and fulfill all the terms, covenants, conditions, and obligations originally required to be kept, performed, and fulfilled by Assignor in connection with the Property from and after the Effective Date. Assignee further hereby assumes and agrees, without the need for further action, to pay, perform or discharge any obligations or liabilities of Assignor related to the Property whether arising before, on or after the Effective Date. Assignee further agrees to indemnify Assignor and hold Assignor harmless from and against any and all claims, liens, damages, demands, causes of action, liabilities, lawsuits, judgments, losses, costs and expenses (including but not limited to attorneys' fees and expenses) asserted against or incurred by Assignor by reason of or arising out of any failure by Assignee to perform or observe the obligations, covenants, terms and conditions assumed by Assignee hereunder.

5. Assignee shall be solely responsible for securing all Approvals and shall endeavor to do so as promptly as possible; provided, however, that Assignor shall reasonably cooperate with Assignee in securing Approvals so long as Assignor is not required to incur any costs or expenses (other than de minimis costs and expenses) as a result thereof. To the extent that any required Approvals have not been obtained as of the date hereof and the failure to obtain such Approvals would give rise to the right on the part of any third party to terminate or limit any right of Assignor or Assignee with respect to any of the Property affected thereby, then any provision contained in this Assignment shall not become effective with respect to such Easement Interest unless and until such Approval has been obtained, waived or is no longer required. When such Approval has been obtained, waived or is no longer required, this Assignment shall automatically become effective without the need for any further action on the part of Assignor, Assignee or any other person and without payment of any further consideration. Until such time as any such Approval has been obtained or waived or is no longer required, Assignor shall (without infringing on the legal rights of any third party or violating any law) provide Assignee with the equivalent benefits of the Property affected, by subcontract or otherwise, on the condition that Assignee shall (without infringing on the legal rights of any third party or violating any law) cooperate and assist in such efforts and shall bear all economic burdens and other obligations and liabilities of Assignor under the affected Property, notwithstanding the fact that the same have not been transferred to Assignee.

6. This Assignment is expressly made and accepted without representation or warranty of any kind (including, without limitation, without any warranty as to title), whether express, implied, constitutional, statutory, or otherwise, and Assignee accepts the Property AS-IS, WHERE-IS and WITH ALL FAULTS. WITHOUT LIMITING THE FOREGOING, ASSIGNOR AND ITS AFFILIATES MAKE NO REPRESENTATION OR WARRANTY TO ASSIGNEE REGARDING THE PERSONALTY OR PIPELINES LOCATED ON THE PROPERTY, WHETHER EXPRESS, STATUTORY OR IMPLIED, INCLUDING WARRANTIES RELATING TO (i) THE CONDITION OR MERCHANTABILITY OF SAID PERSONALTY AND PIPELINES, OR (ii) THE FITNESS OF THE PERSONALTY OR PIPELINES FOR A PARTICULAR PURPOSE. ASSIGNEE HAS INSPECTED AND HAS BEEN GIVEN THE OPPORTUNITY TO INSPECT, ALL PERSONALTY AND PIPELINES LOCATED ON THE PROPERTY FOR ALL PURPOSES INCLUDING, WITHOUT LIMITATION, FOR THE PURPOSE OF DETECTING CONDITIONS AND HAS SATISFIED ITSELF AS TO THEIR PHYSICAL AND OPERATIONAL CONDITION. ASSIGNEE IS RELYING SOLELY UPON THE RESULTS OF SUCH INSPECTION OF THE PERSONALTY AND SHALL ACCEPT ALL OF THE SAME IN THEIR "AS IS, WHERE IS" CONDITION AND "WITH ALL FAULTS".

7. This Assignment shall be governed by and construed in accordance with the laws of the State of Tennessee, and is binding upon and shall inure to the benefit of the parties hereto and their respective successors and assigns.
