

NOTICE TO PERSON EXECUTING THIS DOCUMENT

This is an important legal document. Before executing this document, you should know these important facts:

This document gives the person you designate as the attorney in fact (your agent) the power to make health care decisions for you. This power exists only as to those health care decisions to which you are unable to give informed consent. The attorney in fact must act consistently with your desires as stated in this document or otherwise made known.

Except as you otherwise specify in this document, this document gives your agent the power to consent to your doctor not giving treatment or stopping treatment necessary to keep you alive.

Notwithstanding this document, you have the right to make medical and other health care decisions for yourself so long as you can give informed consent with respect to the particular decision. In addition, no treatment may be given to you over your objection, and health care necessary to keep you alive may not be stopped or withheld if you object at the time.

The document gives your agent authority to consent, to refuse to consent or to withdraw consent to any care, treatment, service or procedure to maintain, diagnose or treat a physical or mental condition. This power is subject to any statement of your desires and any limitations that you include in this document. You may state in this document any types of treatment you do not desire.

In addition, a court can take away the power of your agent to make health care decisions for you if your agent (a) authorizes anything that is illegal, (b) acts contrary to your known desires, or (c) where your desires are not known, does anything that is clearly contrary to your best interests.

You have the right to revoke the authority of your agent by notifying your agent or your treating doctor, hospital or other health care provider in writing of the revocation.

Your agent has the right to examine your medical records and to consent to this disclosure unless you limit this right in this document.

Unless you otherwise specify in this document, this document gives your agent the power after you die to (a) authorize an autopsy, (b) donate your body or parts thereof for transplant or for educational, therapeutic or scientific purposes, and (c) direct the disposition of your remains.

If there is anything in this document that you do not understand, you should ask your lawyer to explain it to you.

Special instructions:

For the purposes of this Power of Attorney either or both of the individuals named herein may act for and on my behalf pursuant to the terms and provisions of this Power of Attorney, it being my desire that one may act for and on my behalf without the consent and/or acquiescence of the other if need be.
